Take control of your Asset and Inventory Management—
with **Sourcerer**.

Sourcerer is a cloud-based Inventory & Asset Management System which enables all inventory management processes to be handled in one place.

Providing real-time visibility, powerful reporting, 'live' stock levels and the ability to automate replenishment, from any location, at any time.

Benefits of Sourcerer

- **Real-time Tracking:** Keep track of your inventory and assets in real-time, ensuring nothing slips through the cracks.
- **Powerful Analytics:** Gain valuable insights with advanced reporting tools, empowering data-driven decisions.
- **Workflow Automation:** Streamline processes and save time with automated tasks, reducing manual efforts.
- **Anytime, Anywhere Access:** Manage your inventory and assets from any device with internet access, offering unmatched flexibility.
- **Scalable & Customisable:** Adapt Sourcerer to fit your evolving needs, no matter the size or complexity of your business.

Sourcerer – The Nexus of Your Success:

Imagine having all your solutions converging into one powerful platform – that's Sourcerer! Our cloud-based Inventory & Asset Management System seamlessly integrates with all our solutions, giving you unparalleled control and visibility over your entire operation. Whether it's inventory management, asset tracking, or optimising workflows, Sourcerer is the key that unlocks your business's full potential.

Discover a Range of Solutions:

- **Industrial vending : iVendScale+, iVendlocker and iVendLocker:** Our Industrial Vending Solutions puts the right item in the right place at the right time. Ensuring optimum productivity while preventing work stoppages and controlling costs.
- **Mobile Automated Replenishment: iClick, iBinScale and Twinbin Live:** Our mobile automated replenishment solutions provide immediate and continual supply of materials at point-of-use, allowing employees 24/7 access to items when needed, which increases productivity and efficiency.
- **Asset Management:** Our Asset Management and Tracking Solutions let you know where your assets are at any time. No need for spreadsheets or messy paper records. The Inventor-e cloud based asset management solutions enable your business to track and control your assets in one central location.
- **App-based Inventory Management: SmartStores Secure, SmartVan and SmartStores:** Enables customers to effectively manage and control usage of material in a mobile and storeroom environment. Providing real-time enterprise wide visibility and control over your materials.
